

Washington Christian Academy
Tuition Assistance Information
2010 - 2011

Philosophy

Providing a Christian education for children is a privilege and an opportunity. Some families, however, need help in order to avail themselves of that opportunity. As a family seeks to provide such an education, it can draw upon three sources of funding:

1. Its own financial contribution.
2. Outside sources of funding, such as family, friends, trust funds, churches, charitable foundations, etc.
3. Tuition assistance from the school.

It is the family's responsibility to cover the cost of the Christian education of its children and every family has the responsibility to contribute as much as it can, even to the point of sacrifice. Sacrificing does not mean compromising a family's ability to make ends meet or fulfill its already existing financial commitments.

Using available resources, WCA is committed to doing its part in helping families. The school has a long history of assisting families and it remains committed to maintaining its heritage of cultural, ethnic, and economic diversity.

Process

1. Refer to "How to Apply for Tuition Assistance" on the back of this page.
2. All Tuition Assistance submissions must be done in conjunction with the reenrollment process for existing families or with the application process for families applying for admission to Washington Christian Academy.
3. WCA uses the standardized calculation from School and Student Services (SSS) as a guideline for determining the tuition assistance award for each family.
4. If you wish to provide additional information or make known special family circumstances, please submit a letter to WCA, attn: Tuition Assistance Committee after you complete your Parent Financial Statement (PFS) at SSS.
5. After WCA receives the information from SSS, the Tuition Assistance Committee reviews all of the documentation and will make an award. You will be notified of the award by letter.
6. Families must make a decision to accept or decline the award by the date in the letter.
7. Your award may be adjusted if your reported estimated amounts vary from the actual amounts on the 2009 tax return. WCA will notify you if this happens.

Please note:

The Tuition Assistance process is part of the reenrollment and application processes and must be completed for your reenrollment or enrollment to be finalized.
